Carrier 15 Specs: 708 (H) x 596 (W) x 340 (D) mm | 29 kgs

## PC Locs makes life easier.

**Baskets by PC Locs.** Slotted device Baskets by PC Locs make device deployments faster, safer and more efficient. Teachers can get back teaching time thanks to the baskets, giving students more time for learning.

**Organised Cables and Hidden Power Packs.** Minimise classroom chaos by keeping those annoying cables secure once and for all. Cables stay organised in the unique top channel, allowing you to plug in devices quickly after each use. Power Packs are stored in a separate compartment, making sure they don't sprout legs and wander off.

**Wall or Desk Mountable.** The Carrier Charging Stations are designed to adapt to your surroundings.<sup>3</sup> Transform any wall or desk into a secure space for charging mobile devices while taking up minimal space in the classroom.

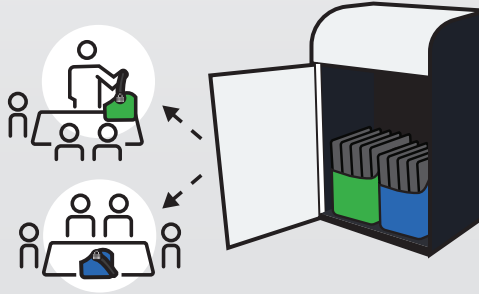

**Easy Cable Management.** PC Locs cable management has been simplified so that you can wire an entire Charging Station in minutes. Save time with set up and gain time using your Charging Station.

# Smarter Workflow

## Less Wasted Time. More Teaching.

Our Baskets enable teachers AND students to hand out and pack up devices quickly and easily. This not only saves valuable time, but it also allows teachers to focus on teaching while empowering students to take the reins on classroom management by handing out devices without teacher assistance.

## Perfect for 1:1 or Shared-Use

**Environments.** Not enough devices to go around? No problem. Schools can now easily share mobile devices between classrooms without the fuss. Simply grab a basket or two of devices and transport them safely and easily to just about anywhere you want to go.

## Additional Key Benefits

-  **Compatible & Efficient.**<sup>1</sup> Includes two or three large Baskets to hold devices up to 13" as well as a stainless steel device rack for storing devices up to 17" with or without cases.
-  **Future-Proof.** Think inside the box, and you won't be stuck with a bunch of outdated charging stations. Removable racks and Baskets allow this station to adapt to future needs as devices change or new technology (including STEM/STEAM) is added.
-  **Small Footprint.** Easily place the charging station on a counter or mount it to the wall. Either way, the Carrier Charging Station takes up minimal space.
-  **Efficient Charging.** The Carrier Charging Stations can charge 10 devices simultaneously from a single power outlet.
-  **Secure.** Protect your device investment without worry. Lock away devices in the storage area with a padlock.
-  **Tough as Nails.** Carrier Charging Stations are made with high-quality, welded steel and are backed by a lifetime warranty.
-  **Lock Included.** This charging station comes with a high-quality, stainless steel padlock keys.
-  **Modular Syncing (Optional).** Don't buy a new Sync and Charge Station, purchase the hand-held iQ 16 Sync Charge Box™ which allows you to carry the unit to where syncing is required (sold separately).
-  **Lifetime warranty.** We know that schools can be tough on equipment. PC Locs products are built to last.<sup>2</sup>
